Soft skills

Collaboration	Time management	Creative thinking	Communication

Language

100
Romanian
(native)
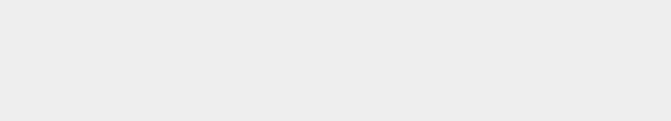

90
English
C2 Proficiency
(Cambridge CAE)

Started my journey in graphic design

2017
I have started my design journey with designing flyers for business ideas that I had and poster designs.

High School Diploma – Computer Science

2019
Studied Mathematics and Computer Science as my high school profile's focus.
Graduated from "Mihai Viteazul" National College, Prahova, Romania.

Started UX design at THUAS

2019
I became a student of The Hague University of Applied Sciences, the Communication and Multimedia Design programme.
User Experience Design

Client projects through THUAS

2019 - 2020
Through my University I got to work on projects with real clients such as Hallmark, delivering a final digital product that matched the client's needs and pitching the idea to company representatives.

Finished minor in Business and Startups

2021
Took a 5 month "Building the Next Successful Online Startup" minor learning about businesses and developing entrepreneurial skills.
In the end, we delivered a process report and an MVP of the product ready to go to market.

Coded my portfolio website from scratch
